About EKF Life Sciences

EKF Life Sciences is a specialist global manufacturer of high-quality enzymes and custom products for use in diagnostic, pharmaceutical, and industrial applications.

EKF Life Sciences is at the forefront of supporting global demand in precision fermentation, enzyme applications and research, providing innovative

biotechnology solutions to deliver advancements in healthcare and medicine.

Utilising its unique technical expertise, the EKF Life Sciences uses precision microbial fermentation and advanced downstream processes to isolate and deliver the highest quality enzymes and biomolecules that have been specially engineered to customer specifications.

EKF Life Sciences has two state-of-the-art GMP manufacturing facilities, located within close proximity, in Elkhart and South Bend Indiana, one the US's major life sciences and industrial hotspots. It operates to the highest regulatory standards under cGMP principles, FDA certification and ISO 13485 Quality Program. The facilities include bioreactors ranging from 5L to 14,500L, enabling it to offer an end-to-end service from bench/proof-of-concept through to full scale commercial production, providing its customers with desired yields, precision at scale and cost-efficiency.

EKF Lifesciences is also one of the market leaders for the supply of β -HB, a reagent used to detect ketones for patients suffering from diabetic ketoacidosis, as well as many other clinical applications.

About EKF Diagnostics Holdings plc (www.ekfdiagnostics.com)

EKF is an AIM-listed global diagnostics business focussed on:

- **Point-of-Care** analysers in the key areas of Hematology and Diabetes, as well as Central Laboratory products including clinical chemistry reagents, analysers and centrifuges.
- **Life Sciences** services provide specialist manufacture of enzymes and custom products for use in diagnostic, food and industrial applications, as well as other higher value Contract Manufacturing services.

EKF has headquarters in Penarth (near Cardiff) and operates five manufacturing sites across the US and Germany, selling into over 120 countries world-wide.
